

FOR AGRICULTURE

Stress Rx[®] Ag

FOLIAR FERTILIZER

Stress Rx[®] Ag helps alleviate physiological symptoms associated with heat, drought, and salinity stresses.

Application Guidelines

Apply 2 to 4 quarts per acre every two weeks either via drip irrigation system or foliar applications.

For foliar applications, apply in the early morning or late afternoon for best results. Use a spray adjuvant for superior coverage. Allow foliar product to dry on plant prior to irrigation.

Mixing Guidelines

Shake or agitate before use. Fill mix tank with half of required spray water and turn on agitation. Measure product into tank, add remaining water and other soluble materials. Add a defoaming agent if desired, and adjust pH of tank-mix to neutral if necessary.

Compatibility

Ocean Organics products are compatible with most fertilizers and chemicals but should not be mixed directly with other chemicals. Mix in spray tanks with water and proper agitation. Conduct a jar test

6.0.1

GUARANTEED ANALYSIS

Total Nitrogen (N) 6.0%
2.30% Nitrate Nitrogen
3.10% Water Soluble Organic Nitrogen*
0.60% Urea Nitrogen
Soluble Potash (K₂O) 1.0%
Calcium (Ca) 2.5%

Derived from: Potassium Nitrate, Calcium Nitrate, Kelp Extract, Urea, Glycine, and Plant Proteins

* 3.10% slowly available Nitrogen from plant proteins

ALSO CONTAINS NON PLANT FOOD
INGREDIENT: 4.0% Glycinebetaine

as needed to ensure compatibility with other products before tank mixing.

Storage and Use Precautions

Store in original containers at temperatures between 10°C and 35°C (50°F and 90°F). To avoid contamination, do not return previously mixed product to original container. Use product within 12 months of original purchase date.

Caution

Keep Out of Reach of Children.
Harmful if swallowed. May cause

irritation. Avoid contact with eyes, skin, and clothing. Wear chemical resistant goggles and gloves. Do not take internally. Avoid inhaling mist or vapor. In case of contact with eyes, flush eyes with water for 15 minutes. If irritation occurs, seek medical attention.

Foliar fertilization is intended as a supplement to a regular fertilization program and may not, by itself, provide all the nutrients normally required by crops or other intended plants during the course of the year.

CONDITIONS OF SALE...The Manufacturer warrants only that product conforms to label description. Buyer and user agree to accept all liability associated with handling, use, and disposal of this product.

Not for use in organic crop and organic food production.
